1. Do we need help ?

The answer is yes, we need help for software translations (I18N) and user support in the forums. If you feel ready to give us a few hours of your personal time, feel free to [contact](#) us.

2. Other help wanted ?

Help is also welcome for software testing, if you have special skills for software crashing, if a fresh windows install does not survive more than 5 minutes in you hands, you are the man we are looking for.
